

## MARINE AGGREGATES IN CONSTRUCTION

### Brighton Marina Development

Source: [www.brighton-hove.gov.uk](http://www.brighton-hove.gov.uk)

## BACKGROUND

A £250 million development project has commenced in the south west corner of Brighton Marina. Plans include 853 flats, almost 2,000m<sup>2</sup> of shops and leisure space, a replacement yacht club and RNLI building.

The construction works for Phase 1 are hoped to be finished by mid 2016.

## CONSTRUCTION NOTES

20,000m<sup>3</sup> of aggregate/concrete has been used, utilised in slipform and watertight applications

### CONSTRUCTION CATEGORY

Structural concrete, slipform

### USAGE CATEGORY

Leisure
